CARDIO

Climbing

THE HARDEST WORKOUT IN THE GYM JUST GOT HARDER.

The StairMaster 10G marks a revolutionary shift in stair-climbing technology. The innovative new design features the OverDrive Training Mode that simulates carrying or pushing a load up stairs, for the most intense climbing workout. The 10G's advancements all focus on delivering the best climbing experience ever created. User-focused features include the widest and deepest stepping surface and lowest step-up height in the industry, ergonomic handrails to support multiple climbing positions and an all new drive train that delivers smooth, quiet performance.

StairMaster 10G

DIMENSIONS	63 x 34 x 81in (160 x 86 x 206cm)
STEP SURFACE	12in (30cm) Deep x 22in (56cm) Width
STEP HEIGHT	8in (20cm)
STEP RATE	25 Levels ranging from 24-190 steps per minute
RECOMMENDED CEILING HEIGHT	10ft (3.05m)
STEP-UP HEIGHT	9in (23cm)
PRODUCT WEIGHT	615 lbs (279kg)

FEATURES:

intense OverDrive Training Mode: Boost cardio intensity with the OverDrive Training Mode simulating the ultimate workout challenge with Sled Push and Farmer's Carry exercises up stairs for advanced endurance training.

Connected Performance

OPENHUB™: THE ULTIMATE PLATFORM

OpenHub isn't just a product—it's an ideology, redefining how we approach and integrate technology. As we developed OpenHub, one key insight guided our philosophy: with the vast range of potential solutions that technology can offer, no SINGLE company can be the expert in all of them. This realization led us to a simple but powerful approach: deliver world-class technology solutions by partnering with experts.

The result is the Star Trac and StairMaster OpenHub display family, designed to deliver both convenience and connectivity. These displays seamlessly combine functional design with advanced technology, allowing users to integrate their personal devices into their workout experience. Features like wireless charging, tap-to-pair connectivity, Bluetooth, and screen mirroring empower users to customize their workout to their preferences. Built on a completely open platform, OpenHub ensures compatibility with a wide range of connectivity options—including Bluetooth, Wi-Fi, HDMI, NFC, RFID, and ANT+—making it adaptable to the needs of any facility.

Our partnership with industry leaders ensures cutting-edge solutions in areas such as workout data tracking, interactive apps, IPTV, asset management, streaming media, wireless audio receivers, and add-on PVS systems. With OpenHub, you get the best of both worlds: advanced features to enhance user experiences and robust tools to support your business operations.

At the heart of OpenHub is our commitment to staying relevant in an ever-evolving technological landscape. We believe in future-proofing through adaptability, ensuring our solutions not only meet today's needs but are also prepared for tomorrow's opportunities. By collaborating with expert partners like Apple and Samsung, we deliver features such as tap-to-pair technology and wireless phone mirroring, empowering gym owners to offer modern, personalized experiences that resonate with their members.

Whatever you're looking for in technology—whether it's seamless integration, advanced entertainment, or efficient facility management—OpenHub is here to support you and your business; now and into the future.

OUR EXPERT PARTNERS MAKE OPENHUB... OPENHUB

TO HIGHLIGHT A FEW...

RUNTV

Standard on all Star Trac and StairMaster embedded displays, RunTV transforms your workout into an inspiring and engaging experience. Explore a curated collection of virtual environments that let you run through breathtaking landscapes or tackle iconic routes like the Tour de France. Stay motivated with empowering content, from technique-improving videos and stories of extraordinary human achievements to feature films that help you escape into your workout. Whatever inspires you, RunTV delivers personalized entertainment to keep you motivated and empowered on your fitness journey.

APPLE WATCH AND SAMSUNG GALAXY PAIRING

Experience seamless integration with our OpenHub display family, offering effortless tap-to-pair connectivity with Apple® and Samsung® smartwatches. This NFC technology enables real-time workout data sharing, empowering you to personalize and enhance your fitness journey. Available on all 8/10 Series displays, and our 4 series embedded display.

ECOFIT ASSET MANAGEMENT SOLUTIONS

Ecofit provides powerful tools to track equipment usage, schedule preventive maintenance, and access detailed analytics through an intuitive platform. By optimizing performance and extending asset lifespans, Ecofit helps facility owners enhance efficiency and improve member satisfaction.

20 MINUTE HIIT

The OpenHub™ embedded consoles feature a HIIT programs developed by World Record Holder and Master instructor Sonja Friend-Uhl. Designed for maximum efficiency, this 20-minute workout adapts to all fitness levels, delivering the proven benefits of interval training—reducing body fat, blood pressure, and glucose sensitivity while improving aerobic fitness and muscular power. Each piece of cardio equipment offers a unique version of the program, with hundreds of workout variations to keep users engaged as they progress. Achieve maximum results with 90% less training volume and up to 67% less time than traditional interval training.

OUR EXPERT PARTNERS

CARDIO

Connected Performance

A new era of cardio displays is here. The 8 and 10 Series introduce a sleek, modern, and sophisticated design, seamlessly blending cutting-edge technology with an intuitive user experience. Engineered for clarity and performance, these displays elevate workouts with stunning visuals, effortless navigation, and seamless connectivity—setting a new standard for cardio innovation.

A few of our favorite features....

PERSONAL DEVICE MIRRORING

Our 8 and 10 Series Apex Touchscreen displays now have wireless screen mirroring. Users can seamlessly stream their favorite content directly from their personal device – whether it's YouTube, training apps or custom workout programs, this feature keeps workouts engaging and personal.

QUICK KEY SELECTION

Quickly adjust speed, incline, resistance and level with easy Quick Key buttons on all displays in the 8 and 10 series line. This user-friendly feature allows for easy adjustment to their workout while in motion. While benefiting all users, Quick Key controls are especially ideal for HIIT and performance training, they allow instant transitions with a SINGLE touch so users can move seamlessly between intervals.

CONNECTED CONSOLES

Over-the-air (OTA) updates are a key differentiator for the 10 and 8 Series, ensuring that when connected, facilities stay ahead with the latest features, integrations, and performance enhancements—without the hassle of manual updates.
